**BRITAIN'S GREATEST COMEDY AS YOU'VE NEVER
SEEN IT BEFORE!**

For a day or evening out in London with a twist, **Faulty Towers The Dining Experience** delivers comedy and cuisine in perfect harmony —making it a standout for group travel organisers.

Marching into its 15th year, and the West End's longest-running immersive production, it combines interactive, improvised comedy with a nostalgic 70s-style three-course meal. Every performance is unique, ensuring unforgettable shared experiences for groups.

The premise remains as wonderfully chaotic as ever. Guests take their seats in the hotel restaurant and are immediately swept into the action as Basil's exasperation, Sybil's sharp wit and Manuel's misunderstandings unfold around them. The highly improvised format means no two performances are ever the same, with audience participation playing a central role in the evening's entertainment. The result is a hilariously unpredictable experience that places diners at the heart of the comedy.

This award-winning, record-breaking production has earned numerous prestigious accolades, most recently being crowned **Best Group Dining Experience** at the **Group Leisure & Travel Awards 2026**. Having delighted more than 1 million guests across 43 countries, it's easy to see why this smash-hit experience continues to sell out time and time again.
